### **Why CAP Retail?**

CAP Retail was designed specifically to help retailers take care of their customers by speeding up checkout, reducing errors, and increasing flexibility. Our simple, easy-to-understand interface makes training a breeze – and the customizable screen layout and color scheme let you make it your own. CAP Retail offers built-in features and add-ons like hotkeys, stored item images, and a big, bright customer-facing display for promotions and advertisements. Plus, integrated credit, debit, and gift card processing help retailers streamline their businesses into one simple interface.

### **What Integrations Are Available?**

CAP Retail offers ecommerce integration, saving you time and effort getting your store online. The system has an integrated customer database that can be exported to use within email, text, and direct mail marketing programs. CAP Retail can also integrate with payroll and accounting software, simplifying your tasks as a business owner.

### **How Can I Manage My Business?**

CAP Retail offers a powerful back office with cloud capabilities and features, helping hardware store owners access critical business information anytime and anywhere. Get instant access to over 55 built-in reports and customizable report outputs, including a standard Excel export. Take advantage of our inventory forecasting tools to save time while ordering and reducing overhead. Manage vendors and create purchase orders easily, including system-generated orders and reorder predictions. Use multi-tier departments to organize your inventory and sales reports. CAP Retail also offers accounts receivable tracking with detailed statements, custom barcode and label printing, and out-of-scope PCI credit card technology for ongoing data security.
